

**YOU CAN CLICK
BUT YOU
CAN'T HIDE**

There are websites that provide legal downloads. This is not one of them.

This website has been permanently shut down by court order because it facilitates the illegal downloading of copyrighted motion pictures. The illegal downloading of motion pictures robs thousands of honest, hard-working people of their livelihood, and stifles creativity. Illegally downloading movies from sites such as these without proper authorization violates the law, is theft, and is not anonymous. Stealing movies leaves a trail. The only way not to get caught is to stop.
